TO BE SOLD
WEDNESDAY, MARCH 10, 1937

By the Cataloguer
M. H. BOLENDER
ORANGEVILLE, ILLINOIS

TERMS OF SALE

All coins and bills guaranteed genuine.

New bidders or customers sending in bids for the first time must **positively** give first class reference, bank reference preferably, or else send a deposit of at least 25% of the total amount of bids. Otherwise, their bids will not be accepted; application of such **deposit** will be made upon successful bids; the seller reserves the **right** to demand payment upon successful bids before delivery in his sole discretion. To those known to me who have established credit, a reference or deposit is not necessary and purchases will be sent out promptly after the sale. In appreciation of this courtesy the purchaser remits promptly.

Collectors who make unlimited bids will get the lots at 5% above the highest actual bid entered.

The terms are **prompt cash settlement** after sale, and no time given. Collectors who are not certain that they can pay promptly are asked not to bid. The coins in the sale are the property of my clients, and I must make prompt settlement for them.

Remit by money order, draft, check, or in any way most convenient. **Stamps accepted for accounts that are below one dollar only.**

Coins will be bought below your bids where other offers permit, as this is competitive bidding, executed in good faith.

The usual charge of 5% will be made for executing your bids, and for packing and sending out material. No charge made on anything not actually purchased. **This fee is very low for the superior service I expect to give you.**

Receipted bills are not sent out after your remittance as this is unnecessary. **Your check, draft or money order itself is a receipt.** However, if a 3-cent stamp is enclosed we will send receipt.

Be certain that you bid on the lot you wish to buy. We will correct errors and adjust claims, but you should not expect us to pay for your mistakes. Be careful in making your bids. Be sure that you bid on the lot you wish to buy, and at so much per piece.

Bids must reach me by the morning of the sale. Mail them in time so as to avoid disappointment. At each sale some bids arrive too late to be executed.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same,

and there are no higher bids, the first received gets the lot. When two or more unlimited bids on a certain lot are sent, the first one received gets the lot at a 5% advance over the highest actual bid.

Between the seller and buyer, my position in describing the condition of coins and bills has been neutral. My classifications are generally considered to be conservative, by the collecting public.

It is easy to bid by mail. If you do not know how much to bid on any items, write me giving numbers in catalog and I shall be glad to inform you as to values. It is useless and a waste of time to make low bids that have no chance of success. I sincerely hope that each collector acquires some nice lots from this sale that give him a real thrill and joy of satisfaction.

Please bid by the piece unless stated to bid for the lot. Thus, if there are 12 pieces in a lot and you wish to pay \$6 for the lot, then bid 50c. At each sale someone bids by the lot. Don't do this—bid by the piece.

UNITED STATES LARGE COPPER CENTS

1. 1793 cent. Wreath type. Crosby 6-F. Dent above T in LIBERTY, and several on reverse. Very good; everything very plain. Rare variety.
2. 1793 wreath type. Crosby 11-J. This coin usually has the edge lettered, but this specimen has the vine and bars on edge. About good; the date clear. Rare.

COIN CHATTER

Get a Price List of This Fine Sale. A printed list of all the prices realized at this sale will be sent for one dollar, cash with order in advance. This is the best way to keep posted on present-day values of coins and bills, and will make a good reference for you.

The First 1937 New Commemorative. The Roanoke Island half dollar is the first new issue for 1937, and has just been released at the time of going to press. Like several of the some thirty kinds issued last year, there is too much on the coin, but the actual work of the sculptor is much better than usual. The coin is a tribute to America's first child born of English parentage, Virginia Dare, and in honor of Sir Walter Raleigh's Colony on Roanoke Island, North Carolina. The first settlement was made in 1585-1587. This year a celebration will be held at Old Fort Raleigh on Roanoke Island, the actual site of the first settlement, where was born on Aug. 18, 1587, Virginia Dare. The obverse of the coin shows a bust of Raleigh to left, in feathered hat and great ruff; below SIR WALTER RALEIGH; above E PLURIBUS UNUM and LIBERTY; the date 1937 at left. Around, UNITED STATES OF AMERICA HALF DOLLAR. Reverse: a young mother holding her babe close to her breast, garbed in costumes similar to those that bedecked the first Roanoke Island settlers; also images of two old English sailing vessels similar to those in which the Colonists crossed the ocean. In field, IN GOD WE TRUST. Above, THE BIRTH OF VIRGINIA DARE. Around, THE COLONIZATION OF ROANOKE ISLAND NORTH CAROLINA. In exergue, the dates 1587-1937. The authorized number was 25,000. Our price is \$2.50 each, prepaid, not over two to one customer.

Last Sale a Big Success. Our 106th sale held Jan. 23, was very successful like all our sales. All of the several hundred old large size notes in the wonderful Charles Markus collection were sold, and many bidders improved their collections thereby. The fractional currency shield in frame brought \$22.50. Numismatists brought \$1.20 to \$3 per volume. A set of the American Journal of Numismatics sold at \$70. Bryan dollars sold at \$3 to \$6, a Napol-

eon medal at \$11; 1800 half-dime LIBEKTY fine at \$8.50; a Confederate half-dollar restrike, fine, at \$19; Oak Tree two pence, very good at \$10; and the commemorative half-dollars brought record and current prices. A pattern nickel of 1866 with Geo. Washington's portrait sold for \$9.25. A pattern nickel in pure nickel dated 1883 sold at \$9.50.

The Only Edward VIII Coin. The only coin that refers to King Edward VIII is the New Guinea penny of 1936. The New Guinea sets of new issues consist of 1 penny, 3-pence, 6-pence, and shilling. The obverse of the penny is stamped E.R.I. The design is by Mr. Kruger Gray. Sets may be obtained at \$1.50 each.

Mighty Glad We Succeeded in Our Efforts to Please. A brilliant and successful Iowa attorney and good customer writes as follows: "Enclosed find check covering purchases at your Jan. 23 sale. All the items were very satisfactory and thanks for your promptness. I like your method of doing business. Your dealings with me have been highly satisfactory and more than fair. I am anxiously awaiting future installments of coin chatter, and hope you have time and space to give us a real story of your experiences." From way out west, another writes, "During the past year I have purchased many hundreds of dollars worth of material at auctions. The quality of merchandise and standard of service rendered by you are definitely 'tops' in the numismatic market. Your fair descriptions and honesty in handling open bids are truly outstanding."

Next Sale in April. The 108th auction will be held in April. The catalog is already in preparation. Send in your material or collection as soon as convenient. We will do our best with it.

LAST SUMMER ABROAD

(Continued from 106th catalog)

Three hours out at sea, and with field glasses we scan the shore line and cities along Long Island. At four tea is served. The stewards spare no pains in rendering first class service. They even play hide and seek to hunt us up on deck, and bring the tea and cakes.

The sea is an average one, with a rather heavy swell. The skies are cloudy and overcast. A cool breeze requires topcoats when on deck, and snugly buttoned, too. At five o'clock we meet five destroyers New York bound. At eight we go to dinner. At our table, places were set for nine and we are properly introduced to each other.

Two things are sure to be a part of the menu of every good Norwegian dinner. They are "kokte poteter" and some kind of fish. After many days of travel in Norway since then, I still wonder why the Norse, who have furnished to civilization many of the foremost construction engineers, have not yet discovered another method of preparing potatoes without "just plain boiling them." Everywhere in Europe, fish is on the menu of every good meal. Of course, there is, in addition, some other kind of meat, too. Well, there was chicken for dinner this evening, and all the trimmings. And even ice cream for dessert! I enjoy the food and service immensely. But alas! Some of my friends don't seem to enjoy it so much! Yes, the ship has been rolling and tossing more! A few more dishes slide from the tables. One by one my rapidly formed acquaintances repair to their staterooms, or take the air on deck. And their meal only half-finished! Yes, you have guessed the trouble! Though I lack the actual experience, I'm sure seasickness is not the pleasantest part of my voyage. A movie in the social hall, a dance in the ballroom, and a promenade about the decks, and we retire.

Modern staterooms are, of necessity, most ingeniously planned. Upper and lower berths, comfortable springs, cleanest linen, wall racks, reading lights, hooks and hangers, and there's luggage space aplenty under berths and settees. Wash bowl, writing desk, mirrors, dresser, shelves, are all constructed in one special piece of furniture. Hot and cold running water, electric lights, ventilators, thermotank, curtains, and life belts are part of the equipment.

(To be continued)
